REAL OUTDOOR ADVENTURE

Mendip's 250 acre outdoor activity centre in the heart of the Mendip Hills Area of Outstanding Natural Beauty has it's own snow sport centre, 150' high rock sport quarry, two tented villages and an indoor residential centre surrounded by ancient woodland. Our private watersport facility is a short minibus trip away.

As an independent company we are proud of our reputation for real adventure, the best instructors and unique residential adventures designed just for you. With receive feedback like this we know we're doing it right...

"Our residential at Mendip Activity Centre was the best that I have ever experienced in my many years as a teacher.

We gave Mendip a tight budget that our parents could manage and they put together a residential packed full of activities that the children absolutely loved. All activities were managed by VERY skilled instructors who were a wonderful inspiration to the children.

Our main instructor was incredible: calm, funny, knowledgeable and very positive. The children still talk about how much they liked her.

The only complaint was three days wasn't enough - and that came from a little girl who struggles to even go away on day trips - I think that says it all!

We will always remember our time here together"

With feedback like this we know our personal, friendly, flexible approach is appreciated...

"I wanted to say how fantastic I think your company is. The organisation and support was amazing. I really appreciate the extra mile you all went with our booking; from picking us up on one of our trial walks, to coming into school to talk to the children.

Your team are fantastic. They are so engaging, inclusive and knowledgeable. They dealt with our children in a professional way and made such an effort to make the experience fun and enjoyable. They also recognised straight away the children with extra needs (whether that be SEN or just nerves) and helped to make their experience enjoyable.

All the children loved the activities and they wouldn't stop talking about how great the instructors were!"
